

Bowled Over

for Intermediate and Beginning Potters

Expand your 'bowl vocabulary' in this 6 week class. During this session, we will focus on one of the basic forms thrown on the wheel....*Bowls*. Fundamental throwing skills such as centering and opening will be addressed during each session. In addition, other skills such as altering pots, trimming feet, and making sets will also be addressed. We will also introduce glazing methods that specifically address the challenges of bowls. This class is project driven; all projects will be adapted to the skill levels of the beginner and intermediate potter. At the completion of the session, students will have several bowls/bowl sets.

Projects will include:

Rice Bowls

Berry Bowls and Plates

Nesting Bowls

Bowl Sets

Summer Session I

Thursdays 6-8:30

Pitt County Arts Council at Emerge
