

Oh, the weather outside is frightful,
But the kiln-room is so delightful,
And since we've no place to go,
Let us throw, let us throw, let us throw!

The holiday countdown is here – that means it is time to make gifts for family and friends.

This class is an independent study to allow wheel time and provide one-on-one instruction so you can make the gifts on your list. If you don't know what to make, I can help you select gifts appropriate to your skill level.

And, if your list is too long and time is too short, hand-built and wheel-thrown ornaments will be taught so you can make several ornaments and gift tags during the class session and have something to give everyone.

Bring your gift list and let's get started!
