# Combined Forms

## Pottery Class

Spring Session II  
Thursdays 6 - 8:30

Rae Brown  
rae@abitoftcenter.com

Combine two simple forms to make one amazing pot!

Class projects will include these completed pots:

- Scoops
- Cupcake Plates
- Tall Pitchers
- Sectional Vases

Do you want to make taller vases or more distinctive shapes? You can with practice and some quick tips. This class is ideal for the intermediate potter who is ready to make more complex pots. It is also suited for the beginner because the projects are composed of two basic forms that emphasize fundamental throwing skills and introduce the ceramic process.
